

# Prismatic Operations Solutions and Support

Serving you in serving your students

## 1. It all starts with a Rapid Review.

Rapid Review is a fast, low-cost method to quickly find the challenges in your program. In Rapid Review, we assess your program on a number of metrics:

**A+**  
**Best Practices**  
+ Menu Choices  
+ Smarter Lunchrooms  
+ Speed of Service

  
**KPIs**  
+ MPLH  
+ ADP  
+ Op Ratios

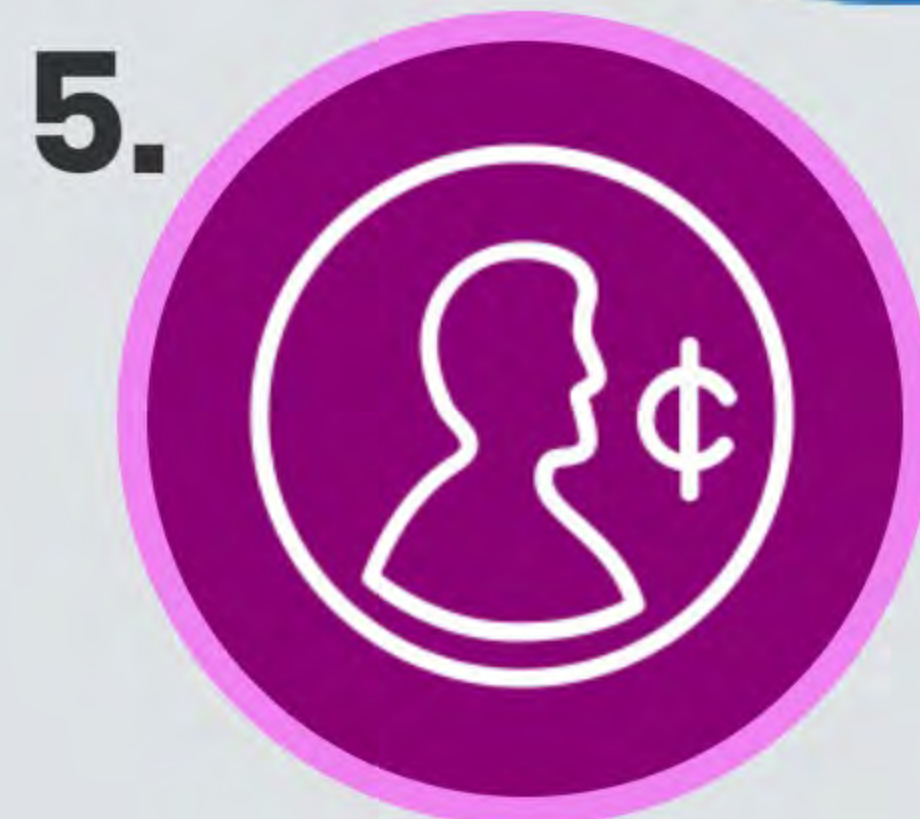

**Identify the Goals**  
**Developed with you**  
and based on areas in  
need of improvement.

**Select the Tools**  
We provide **tailored**  
training with progress  
checks, onsite  
assistance, and  
management tool  
development.

**Management Monitoring**  
Prismatic offers feedback  
tools like our Rate My  
Lunch app. We guarantee  
quality assurance with  
**regular check-ins and site  
visits.**

**Financial Self-Sufficiency**  
Reach your department's full  
potential with great food,  
**happy kids, and a positive  
work environment.**

# When you focus on results, it all comes together

## Rapid Review

You want to be better, but you're not sure where to start. Or maybe you can't decide what to prioritize. We've got you covered with a Rapid Review. We will bring to your location a team of 2-3 school food experts who have been in the business for decades (and earned lots of awards along the way). In just a few days, we will assess your operation against KPIs and best practices, getting to the root causes of your challenges.

## Identify the Goals

At the end of your Rapid Review visit, we will meet with you to discuss your challenges and identify the right goals to help you overcome them. Maybe it's working with the superintendent on policy changes. Maybe it's developing better work routines in the kitchens. Maybe it's better data dashboards and management tools.

## Select the Tools

Our goal is to help you reach your organizational goals by equipping you. Your goals determine the tools we'll use. Don't worry - we have all the tools:

- tailored training;
- expert advice;
- regular progress checks;
- onsite assistance;
- onsite reviews;
- custom dashboards; and
- management tool development.

## Management Monitoring

We'll help you set up your monitoring systems, including regular check-ins and site visits. You can use feedback tools we've already developed such as Rate My Lunch and Quality Assurance Reviews, or we can help you develop new tools specific to your needs.

## Financial Self-Sufficiency

Yes, it's possible. Of course, improved finances go hand-in-hand with high student satisfaction, high meal participation rates, and great employee morale.

Prismatic has  
served school food  
operations in  
serving their  
students since  
2007.
