

Program Evaluation

TRUE EXPERTISE

We have been completing evaluations of education programs for more than 20 years.

TAILORED SERVICES

From our budget to our approach, we believe in flexibility that meets your needs. Our process, deliverables, and team are all hand-picked to best fit your program.

PRACTICAL ADVICE

We go beyond simply meeting state requirements. Our evaluations use a mixed-methods approach with a utilization focus. We provide evaluations that program directors actually use, not just file.
