

ARE YOU TREATING ALL YOUR STUDENTS THE SAME WAY? *DON'T*

5 Reasons why promoting a powerful, empathetic equitable plan benefits students:

1

EQUITY EQUALITY

Recognizing individual backgrounds means a better understanding of how to treat each student.

2

EQUITY PROMOTES DIFFERENCES

And that is fine. Understanding everyone is different doesn't mean they are less. Everyone is special, and equity is key to promote inclusion by empowering students.

3

DEMONSTRATES SENSITIVITY

Equity is based on empathy. Empathy-based schools will succeed by promoting diversity and inclusion. This ensures fairness among students.

4

PROMOTES HIGH SELF ESTEEM AND CULTURAL PRIDE

Students will feel empowered to share their experiences, culture, beliefs, and backgrounds. Students will understand the importance of diversity.

5

ENSURES SCHOOL UNITY

By having an equitable process in place that promotes respect, we ensure unity. Lack of knowledge and misunderstandings are pillars of intolerance.
